

Membership and Sponsorship Opportunities | PARIS & Grid of the Future

2019 Membership options and fees:

*Collective Membership provides the philanthropic backbone to demonstrate the value these corporate members derive from the success of this international collaboration for a global perspective of industry issues and improvements. Collective members are entitled to four votes at USNC members meetings either in person or by proxy. At the Paris General Assembly meetings these members are entitled to six votes. Collective members allow sufficient CIGRE support to maintain low individual dues; have a seat on the USNC Executive Committee with other key industry leadership; ready access to global industry leaders while providing their firms with **access to CIGRE’s significant and valuable intellectual property of technical/ operational information for their employees - at NO additional charge.** There are several levels to support CIGRE USNC as a Collective Member besides recognition on the CIGRE USNC website.*

Distinguished Collective Member	\$2,000	<i>6 member registrations for non-members to GOTF Website recognition</i>
Sustaining Collective Member	\$3,000	<i>Logo placement in a quarterly newsletter 7 member registrations for non-members to GOTF Website recognition</i>
Patron Collective Member	\$4,500	<i>Logo placement in multiple newsletters 8 member registrations for non-members to GOTF Website recognition</i>
Educational Institution	\$375	
Individual Membership	\$150	
Young Membership	\$75
