

Women in Energy (WiE) Virtual Networking Event

Women in Energy Virtual Networking Event

Summary

CIGRE US Women in Energy (WiE) is pleased to invite you to its first virtual networking event on Thursday, February 8th at 2 pm CST (3 pm EST). Let's connect with power industry professionals in different stages of their careers for an enriching learning experience. We will break into small groups to maximize networking time. The breakout sessions will include introductions, an icebreaker, and open discussion. Come prepared with your own questions or listen to and weigh in on the questions of other women in the power systems community. We look forward to your participation and to creating an inspiring and collaborative space for women in energy!

Notional Schedule

Introduction to CIGRE Women in Energy (5-10 min)

Breakout Groups (45 min): Introductions, Ice Breaker, and Open Discussion

Reconvene and Conclude (5-10 min)

Links & Information

Thursday, February 8, 2024
2 pm CST | 3 pm EST

Duration: 1 hour
